FREE MOTIVATIONAL & CONFIDENCE TALK TO SECONDARY SCHOOLS & TERTIARY INSTITUTIONS

Kuala Lumpur,- outLOUD Studios is proud to announce a series of FREE motivational and confidence talks to secondary schools and tertiary educational institutions. This is in line with our social responsibility activities and we feel that this will benefit many students in terms of goal setting.

It is said that confidence, like art, never comes from having all the answers; it comes from being open to all the questions. Sadly though, the concept of asking questions is an alien notion to most Malaysian youths.

The reason for this is simple enough – they lack confidence to express themselves articulately. There are also young people who have no problems asking questions but when they are told to be quiet or not to ask so many question, over time, they will retreat into their shells and many never get an opportunity to be confident enough to speak up or stand up for themselves.

There has been so much said about our youths more often than not, negatively. We at outLOUD Studios Sdn Bhd want to take a proactive stance in addressing this and other concerns through a series of social responsibility campaigns which will run from June until December 2008.

The talk will be given by Ernie Chen who is widely recognized as Asia’s No. 1 Motivational Speaker and Guru of Confidence.

Confidence not only motivates, but also equips a person with essentials skills needed for the challenges that lie ahead. There’s no time like the present and it is imperative that confidence is instilled at a tender age. Hopefully this event will cause a positive ripple effect resulting in enhanced confidence for many others.
